£10.00

ADD TO CART

**BowlsChat Sport Bronze Level
Group Membership with Special
Discounts**

£5.00

ADD TO CART

BowlsChat will provide Membership Codes for use with each Bronze, Silver and Gold registration on BowlsChat Sport at no additional cost up to the total number purchased.

Anyone may purchase one or more Group Packages at any time and are responsible for controlling access to and use of the Membership Codes, which will expire on December 31st of the year following date of purchase.

A Group Membership Code may be used for initial membership of BowlsChat Sport as well as renewal and any not used in the first 12 months after a Group purchase may be used for renewals before the December 31st expiry date, so that none of the purchase is wasted.

A Group Discount Member List Form is available in the [PDF Docs Menu](#) for recording everyone who has paid you to be part of your Group purchase.

Note: Up to 5% Checkout Discount will also be applied to the order value and shown in the Shopping Cart.

The promotion will continue until the end of 2022.

BowlsChat Sport is for all the Bowling Community

BowlsChat has been providing a range of free services to the bowling community for many years and the latest addition is the BowlsChat Sport Website and Mobile Apps.

BowlsChat Sport has been designed for Outdoor, Indoor and Short Mat Leagues, Competitions and Events anywhere in the world, bringing them together in one place with easy viewing and live updates on web and mobile for anyone interested in the sport.

The content has been tailored to suit Players, Teams, Officials, Clubs, Associations, Organisations and Sponsors with all features easily updated on the website as well as the mobile apps (download available on the App Store and Google Play).

BowlsChat Sport is a benefit to Associations and Clubs providing official League/Cup information with the live news, scores, results and more posted by our bowling community members helping to reduce administration time and offering an opportunity to reach a wider audience as well as promote the sport in different ways.

BowlsChat Sport sponsored the PBA Qualifier Events in Belfast for the World Indoor Championships at Potters in January 2022 and will support more Leagues, competitions and events in this and future seasons.

All the local, national and international leagues and cup competitions in the [Sport Menu](#) on BowlsChat will be added to the outdoor, indoor and short mat events on BowlsChat Sport during 2022.

Information for previous seasons will be added to all league and cup competitions when available.

All BowlsChat Scramble Leagues and Events are available on the BowlsChat Sport website and mobile apps as well as other local, national and international leagues, competitions and events covered by BowlsChat and BowlsChat Sport.

Key Features of BowlsChat Sport

A user friendly interface allows fast and easy access to all the information you need to keep up to date with the latest news for any league, competition or event, including players, teams, draws, fixtures, live scores, rink scores/points, results, match photos/videos/reports, tables, player profiles, stats, rankings and a lot more for multiple seasons.

Follow your favourite teams, competitions and events to receive notifications on your mobile of any updates and change the selections at any time.

All leagues, competitions and events allow access by one or more members to update any content from the app or website. Players may update their profiles and check their team/club news, training/match schedules, stats/rankings and many other features.

A few of the key features are listed below and edit/update is available on the website as well as the mobile apps:

- **Events** - Add one or more events with League and Cup competitions at different venues, allocate officials to various roles, update everyone with photos, videos and the latest news, increase revenue with sponsors and share anywhere on web/mobile, including social media.
- **Competitions** - Add any number of Leagues and Cup competitions in an event with rules, draws, fixtures, results, points, tables, teams, players and officials as well as entry fees. There are many different types of leagues, competitions and scoring systems available.
- **Teams** - Add Teams individually or by bulk csv import and allocate to competitions. Manage squad selection, training schedules, attendance, equipment and fees, keeping players up to date with team news, sponsors, rankings and match information.
- **Players** - Import players or add manually and allocate to team squad for match selection or reserve list. Players may view all personal stats, rankings, matches, teams and events in the player area and register to update their profile details and image as well as pay fees to enter competitions.
- **Matches** - Add friendly or competitive matches one by one or use the automatic schedule to create fixtures for a season. Allocate players to rinks, update live scores (total, ends, sets), add timeline events by player (good shot, drive etc), photos, videos and result as well as team/player points, sanctions and a match report, including the result of the vote for best player.
- **Venues** - Add all locations for matches with full address geo-mapped to the green, road/rail/walking directions and number of rinks or mats available. Allocate venues to matches manually or use the one click automatic schedule process.

Additional Information about BowlsChat Sport

Who is BowlsChat for?

BowlsChat Sport is for Spectators, Players, Teams, Officials, Clubs, Associations, Organisations, Sponsors and anyone interested in the sport of bowls.

What device do i need to access BowlsChat Sport?

BowlsChat Sport is fully responsive and able to be accessed/viewed easily and clearly on any device, from mobile to desktop.

It has been designed with mobile use as a primary consideration to provide a quality user experience 'on the move' from anywhere in the world.

Are additional features planned for BowlsChat Sport?

Yes. We will keep members informed when new features are available.

What League/Cup Competitions and Events are included in BowlsChat Sport?

BowlsChat Sport includes Outdoor, Indoor and Short Mat League/Cup Competitions and Events at Local, County/State/Region, National and International level.

The competitions and events added on BowlsChat Sport may be run by Bowling Clubs, Associations, Organisations or BowlsChat.

What content may be followed?

All Bronze, Silver and Gold members may follow at 3 levels:

- Follow the Club, Association or Organisation running their Leagues, Competitions or Events
- Follow the individual Leagues, Competitions or Events
- Follow Teams

Where can I find Leagues, Competitions and Events?

All Leagues, Competitions and Events appear under their Club, Association or Organisation (the top level in BowlsChat Sport).

How much does it cost a Club, Association or Organisation to include their Events in BowlsChat Sport?

There is no fee for a Club, Association or Organisation to include their League/Cup Competitions or Events.

One or more Gold Level Members must be their Organiser/Contact.

Are Leagues, Competitions or Events required to post content?

No, a Club, Association or Organisation and their sponsors may post content at any time.

Where do Sponsors appear?

Sponsors appear in the following places with their logo, message and news:

- BowlsChat Sport
- Club, Association or Organisation
- Team

Does BowlsChat Sport require a duplication of work by Club/Association/Organisation committees providing official League/Cup/Event information?

No and we believe the opposite is the case because there are many extra features available and all League/Cup Competitions and Events are added and updated by BowlsChat Sport and our bowling community members.

BowlsChat Sport does not claim to be the official source of information, we are providing a platform for the whole bowling community to view League/Cup Competitions and Events from multiple Clubs/Associations/Organisations in one place on our website and mobile apps.

The live news, scores, results and more that our members post reduces administration time for officials/committees and offers an opportunity to reach a wider audience as well as promote the sport in different ways.

A member of BowlsChat Sport may also be an official in a Club/Association/Organisation but any role or roles they have on BowlsChat Sport will be voluntary.

What Roles are available on BowlsChat Sport for updating content?

If members wish to assist BowlsChat Sport with adding new league/cup competitions and/or live updates, the following voluntary roles are available:

- **Event Editor** - Access and edit/update news about Teams and Matches
- **Event Official** - Access and edit/update Matches for the matches they are allocated to
- **Event Admin** - Access and edit/update anything about the event
- **Team Editor** - Access and edit/update news about the team and friendly matches
- **Team Coach** - Access and edit/update players, selection/squad, friendly matches, training and inventory for the team
- **Team Admin** - Access and edit/update anything about the team

There are unlimited places available and a member of BowlsChat Sport may volunteer for more than one role. If, for example, several members are going to a match and volunteer to update scores, that is perfectly fine as it only takes a few seconds to update content on a mobile and having more than one person makes it easier to keep the bowling community up to date.
